Dear Sir/Madam

CMI International Working Group on General Average

I am pleased to **attach** the Working Papers for the Meeting of the CMI International Subcommittee on General Average to be held in Istanbul on 6 and 7 June 2015.

I am advised that there may be some further papers on this topic which will need to be sent to you and any delegates of your MLA that are attending the Istanbul Colloquium where this will be a most important part of the meeting, it being the last opportunity before the CMI Conference in New York in 2016 where it is hoped that this work will be finalised for delegates who are not otherwise able to attend any future ISC meetings will be able to have their input.

I would therefore be grateful if any delegates from your Association who are attending the Istanbul Colloquium are briefed to put any views or opinions which your MLA has on this topic.

I look forward to seeing you in Istanbul in a few weeks time.

Kind regards

Stuart Hetherington
